

Daisies/Brownies

Step 1:

DISCOVER:

- Look at a collection of quarters and use a magnifying glass to identify 1-2 women's names on a quarter.
- Color a printed sheet of a specific woman's quarter
- Match the quarter to a picture of what a certain woman did.

Step 2:

INVESTIGATE:

- Listen to a storybook about one of the famous women leaders in the quarters.
- Dress up as your favorite woman from a coin
- Draw a picture of a "right" or something that girls are allowed to do today, but not long ago in the past.

Step 3:

DESIGN:

- Design/draw a coin with your own face on it
- Design a quarter fact sheet about one woman
- Design a coin for a woman in your family whom you look up to, and present it to her

Step 4:

CONNECT:

- Bring a woman's quarters to "show and tell" at a troop meeting
- Tell a peer or a family member about one woman you learned about in a quarter.
- Host a quarter exchange at a troop meeting about women and exchange facts among your fellow Girl Scouts.

Step 5:

DREAM BIG:

- Make a promise jar where you write down two ways you promise to help others this month
- If you were a coin, what would you want to be known for? Draw it, or you can just write it down
- Make a short video in your own way, saying why female leaders are important

Disclaimer: For each step, only one option has to be completed out of the three.
